Integrated Care System

*Together with partners to support
Coventry and Warwickshire
to succeed and stay in work*

Coventry and Warwickshire WorkWell Programme
is a new initiative set to support individuals with
mental health or health-related barriers
to find or stay in employment.

What is WorkWell?

The new initiative is set to support individuals with mental health or health-related barriers to find or retain employment.

The programme aims to join up and align health and employment support at a local level.

Who is it for?

WorkWell is available for anyone who:

- Lives or is registered to a GP within Coventry or Warwickshire
- Is over 16
- Has the right to work in the UK
- Is experiencing barriers to employment due to mental health or health-related barriers
- Is willing to regularly engage with a WorkWell Journey Guide for employment related support.

What does it offer?

Workwell can support anyone with a mental health or health-related work barrier to:

- Return to or remain at work
- Find and access work
- Refer into and connect with various services in the area.

Participant will work with their Journey Guide to explore support options and create a personalised plan to retain or return to work. The support will involve, but not be limited to:

- 1:1 coaching
- Barrier-breaking workshops
- Upskilling and training opportunities
- Workplace adjustments support.
